Summer of Cultures; One Global Family

This summer, our campus was filled with vibrant energy as we welcomed students from Taiwan, Oman, Japan and Korea. Through our international summer camp, young learners from diverse cultures came together with a shared passion for learning English. They also brought with them a beautiful spirit of friendship and cultural exchange. From exciting classroom activities to fun trips and cultural events, the camp created lasting memories and meaningful connections. In this special edition of our campus newspaper, we celebrate the experiences, lessons, and cross-cultural friendships that made this summer unforgettable.
